**RE: Change of Address, Affecting MM 99-325**

Dear Commissioners and Commission Staff,

My name is Don Schellhardt, Esquire. I am the attorney for THE AMHERST ALLIANCE, which has been a commenting party in FCC Docket No. MM 99-325.

In MM 99-325, the FCC is currently considering the possible adoption of In Band On Channel (IBOC) Digitalization, as either a voluntary option or a mandated requirement, for American radio broadcasters. In addition to its own Comments in this Docket, Amherst has joined several other parties in an April 2002 Petition to the Commission for full testing and evaluation of the Eureka-147 alternative Digitalization technology.

Please note that I have recently moved from Denver, Colorado to Golden, Colorado, about 15 miles to the west. The new contact information for me is as follows:

My new phone service has not yet been activated, but I will apprise the Commission of the new phone number once I know it myself. In the meantime, messages can be left with Jeff, the Manager of my apartment building, at (303) 279-9430.

Sincerely,

Don Schellhardt, Esquire
